What have you learned
from learning
collaboratives?

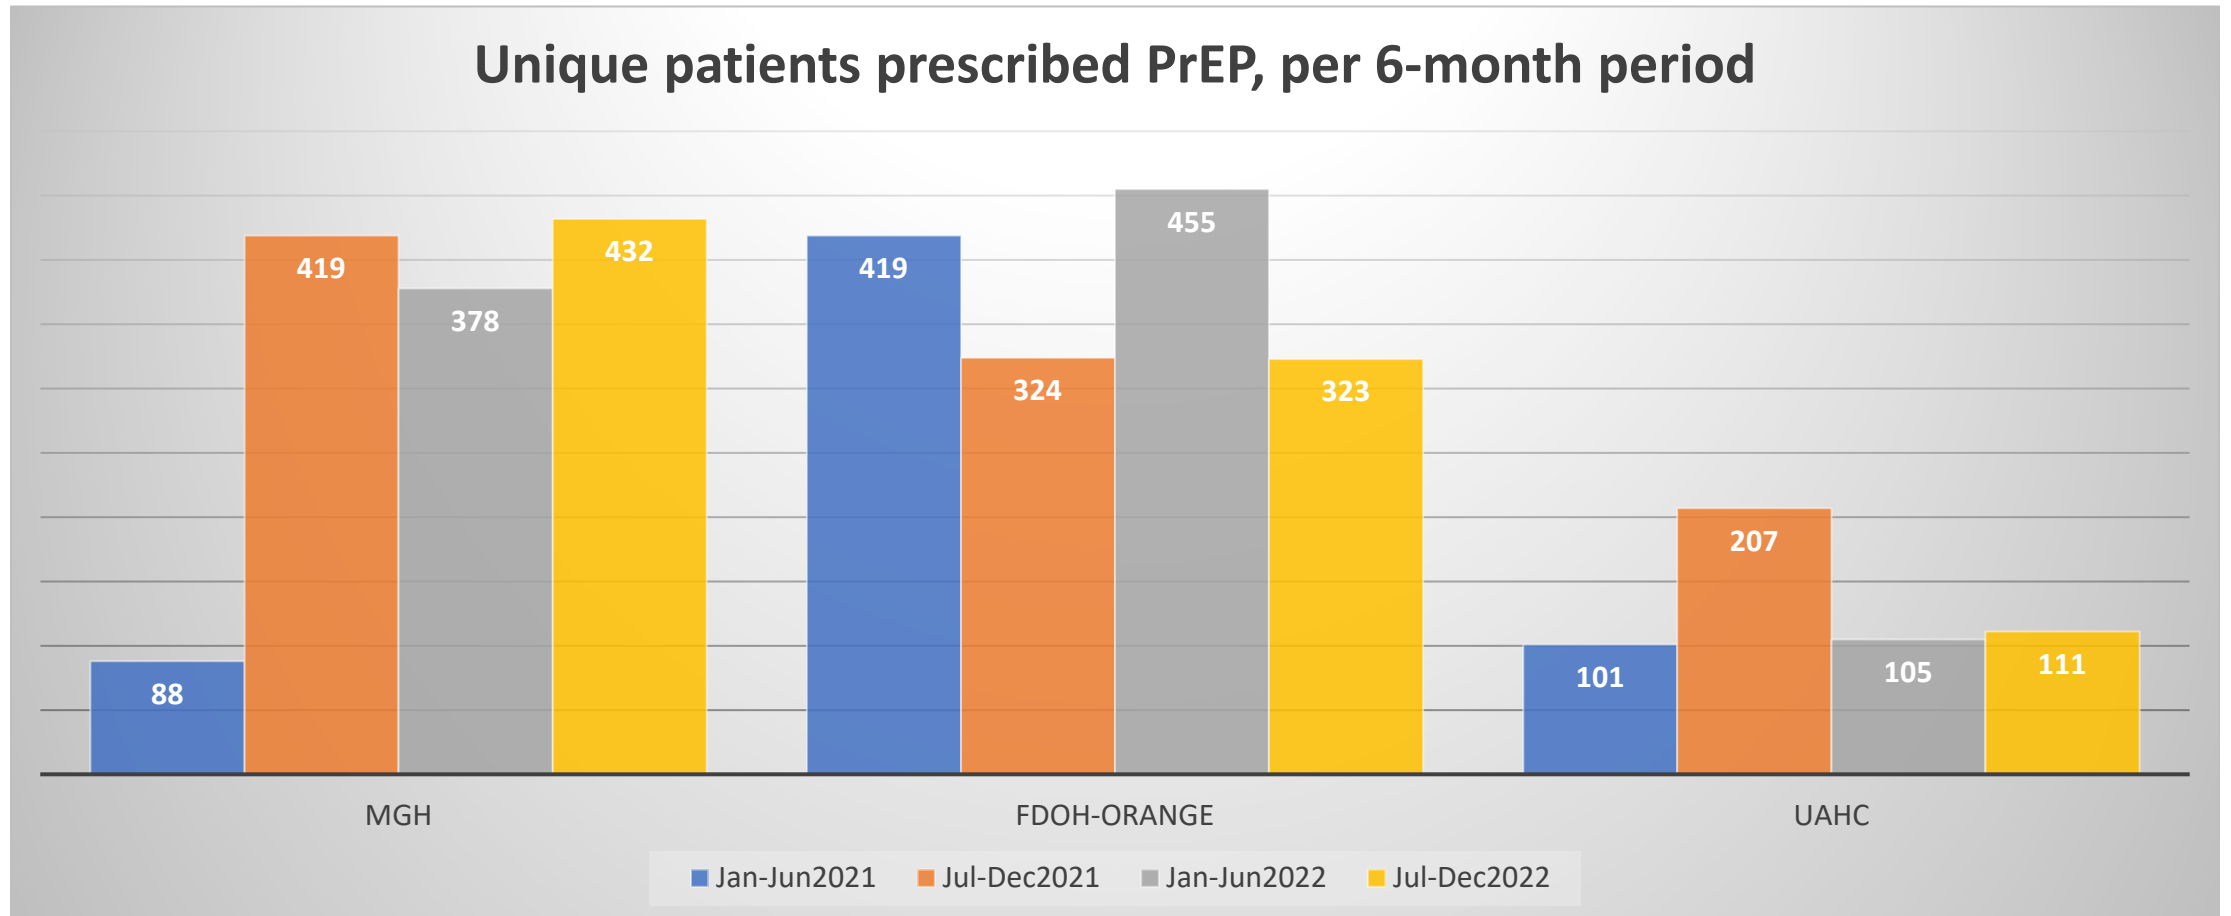

Persons tested for HIV

Patients already taking PrEP

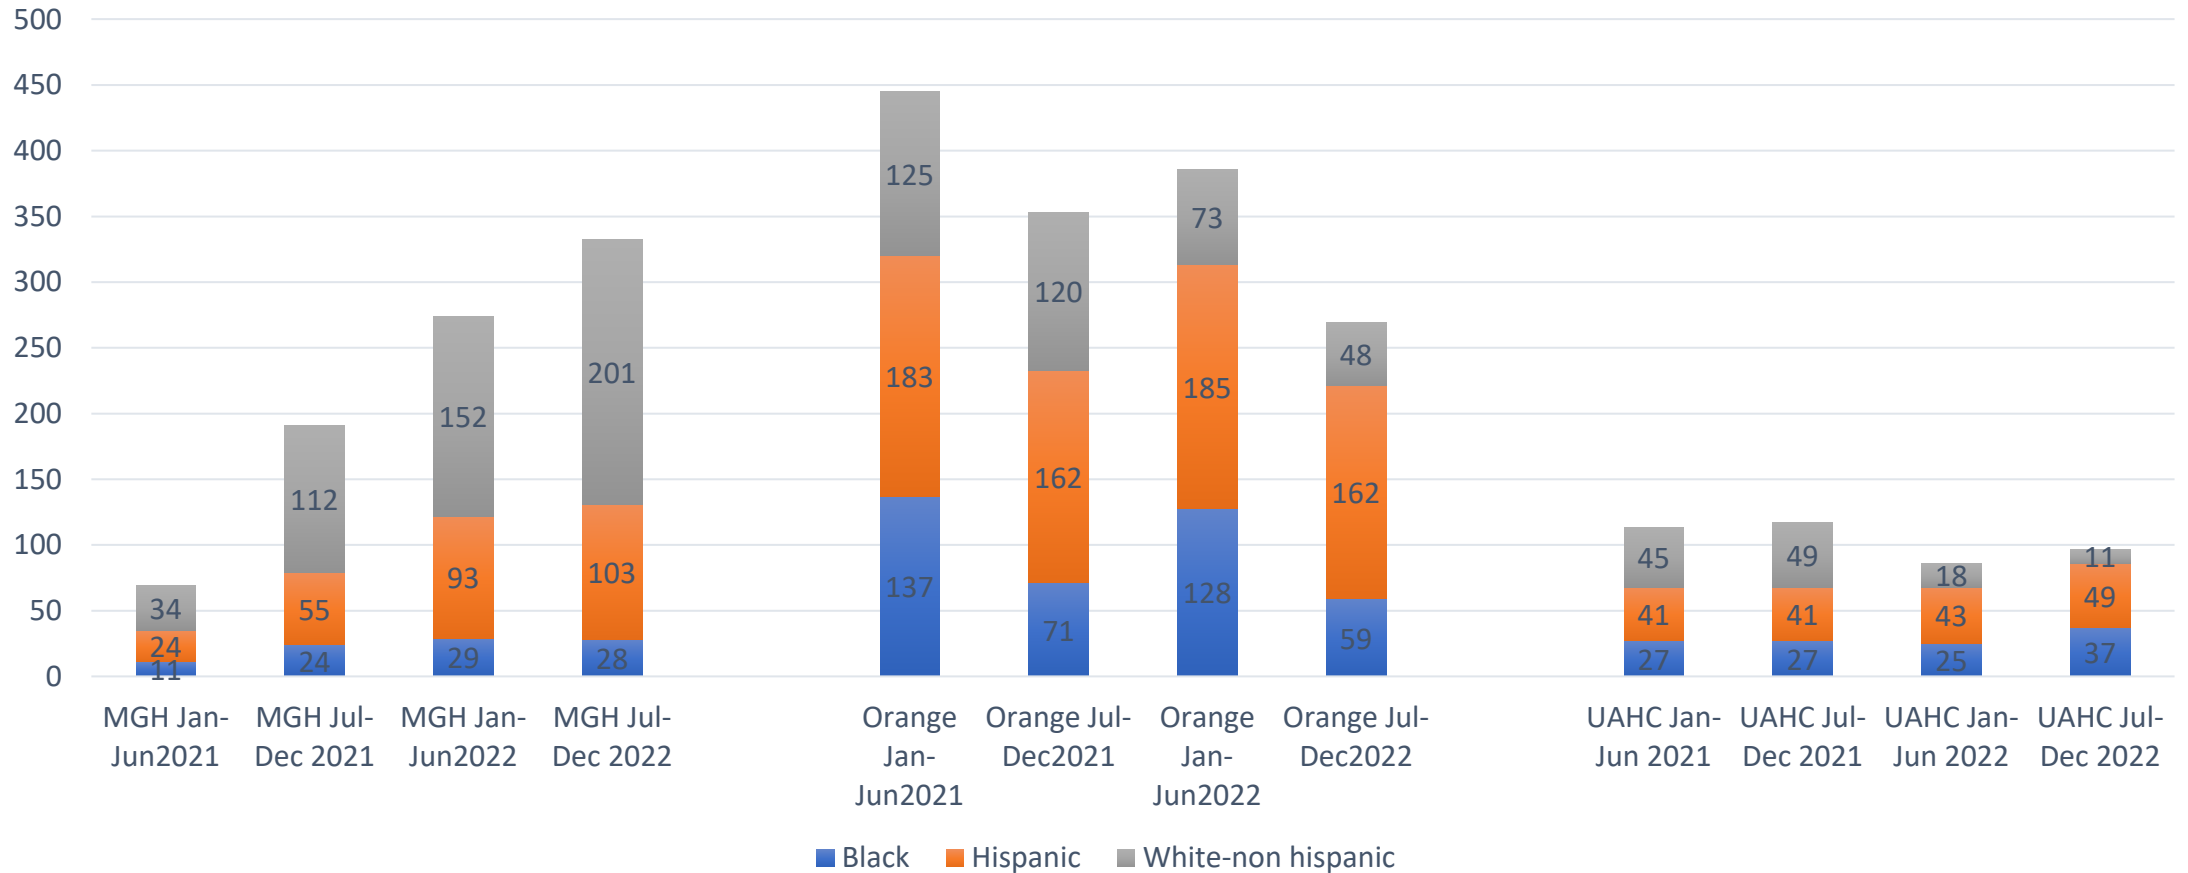

Patients newly prescribed PrEP

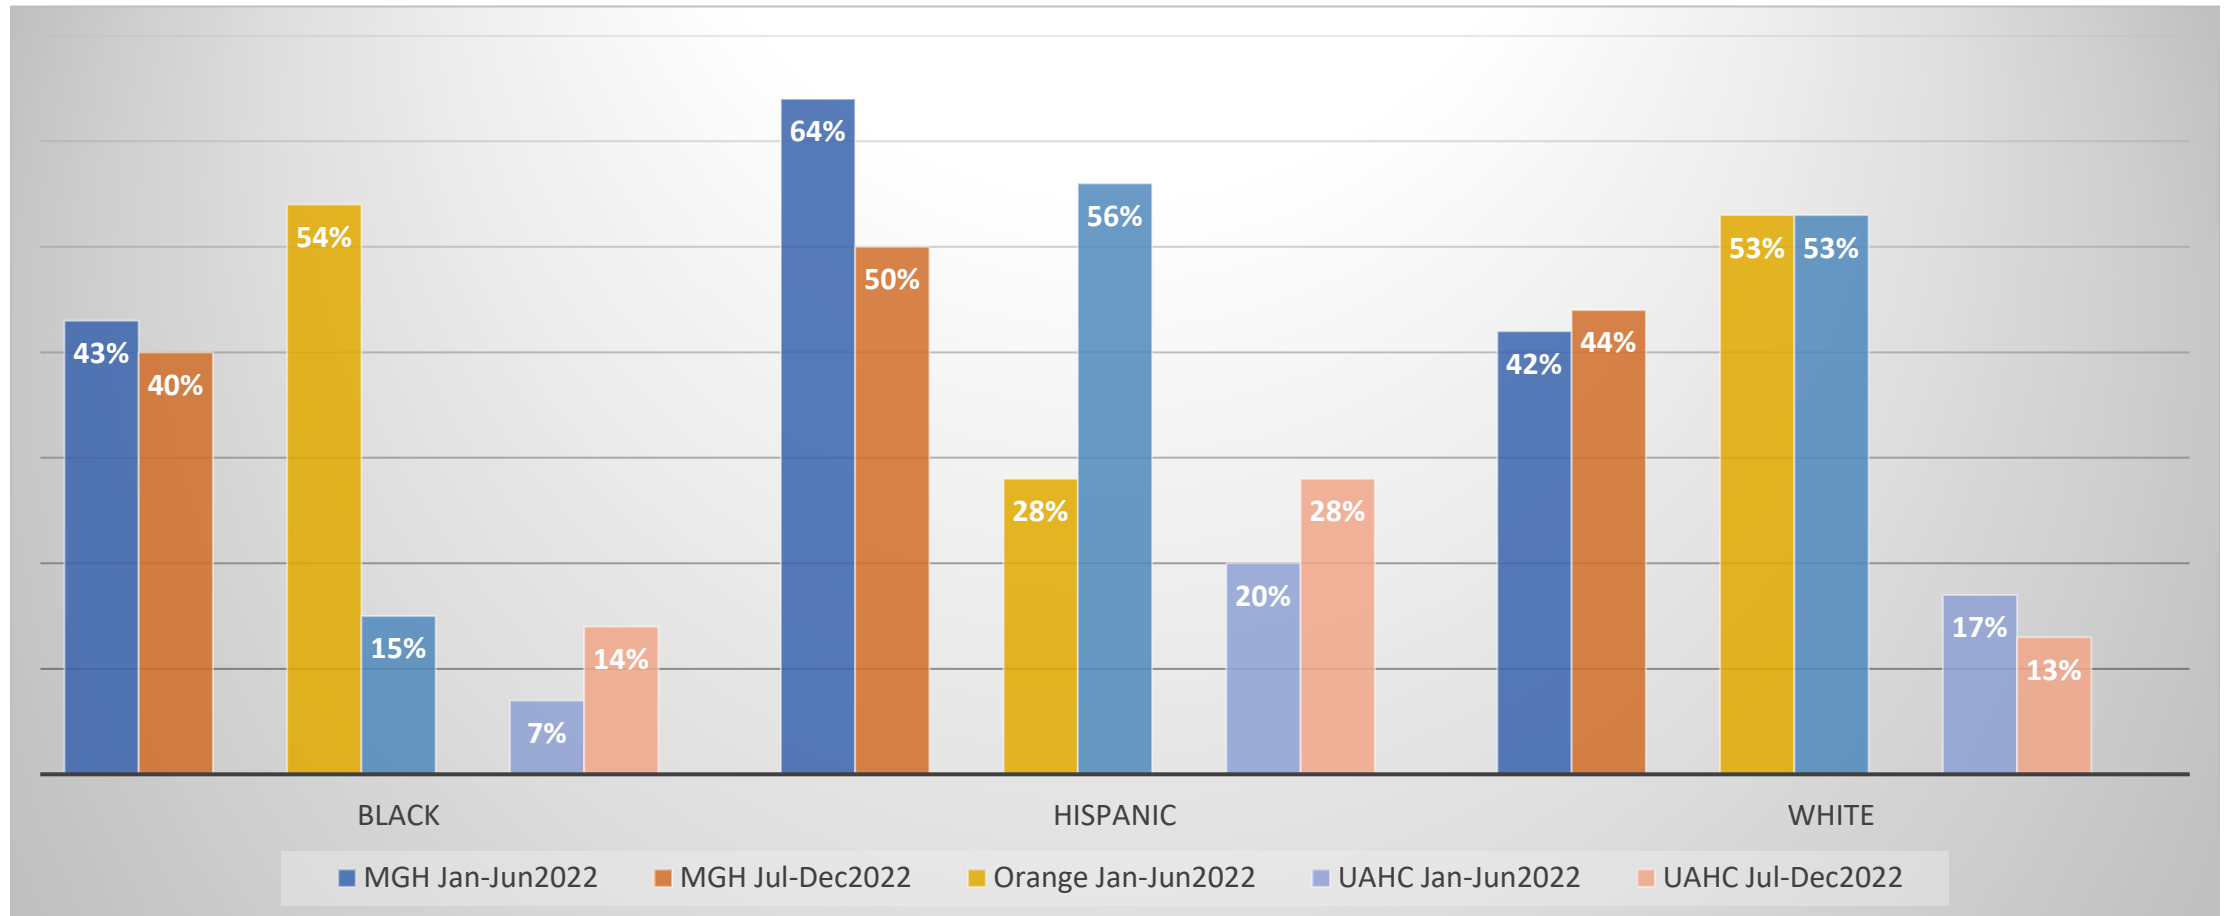

What happened with your programs that may affect HIV testing and PrEP prescriptions in your clinic?

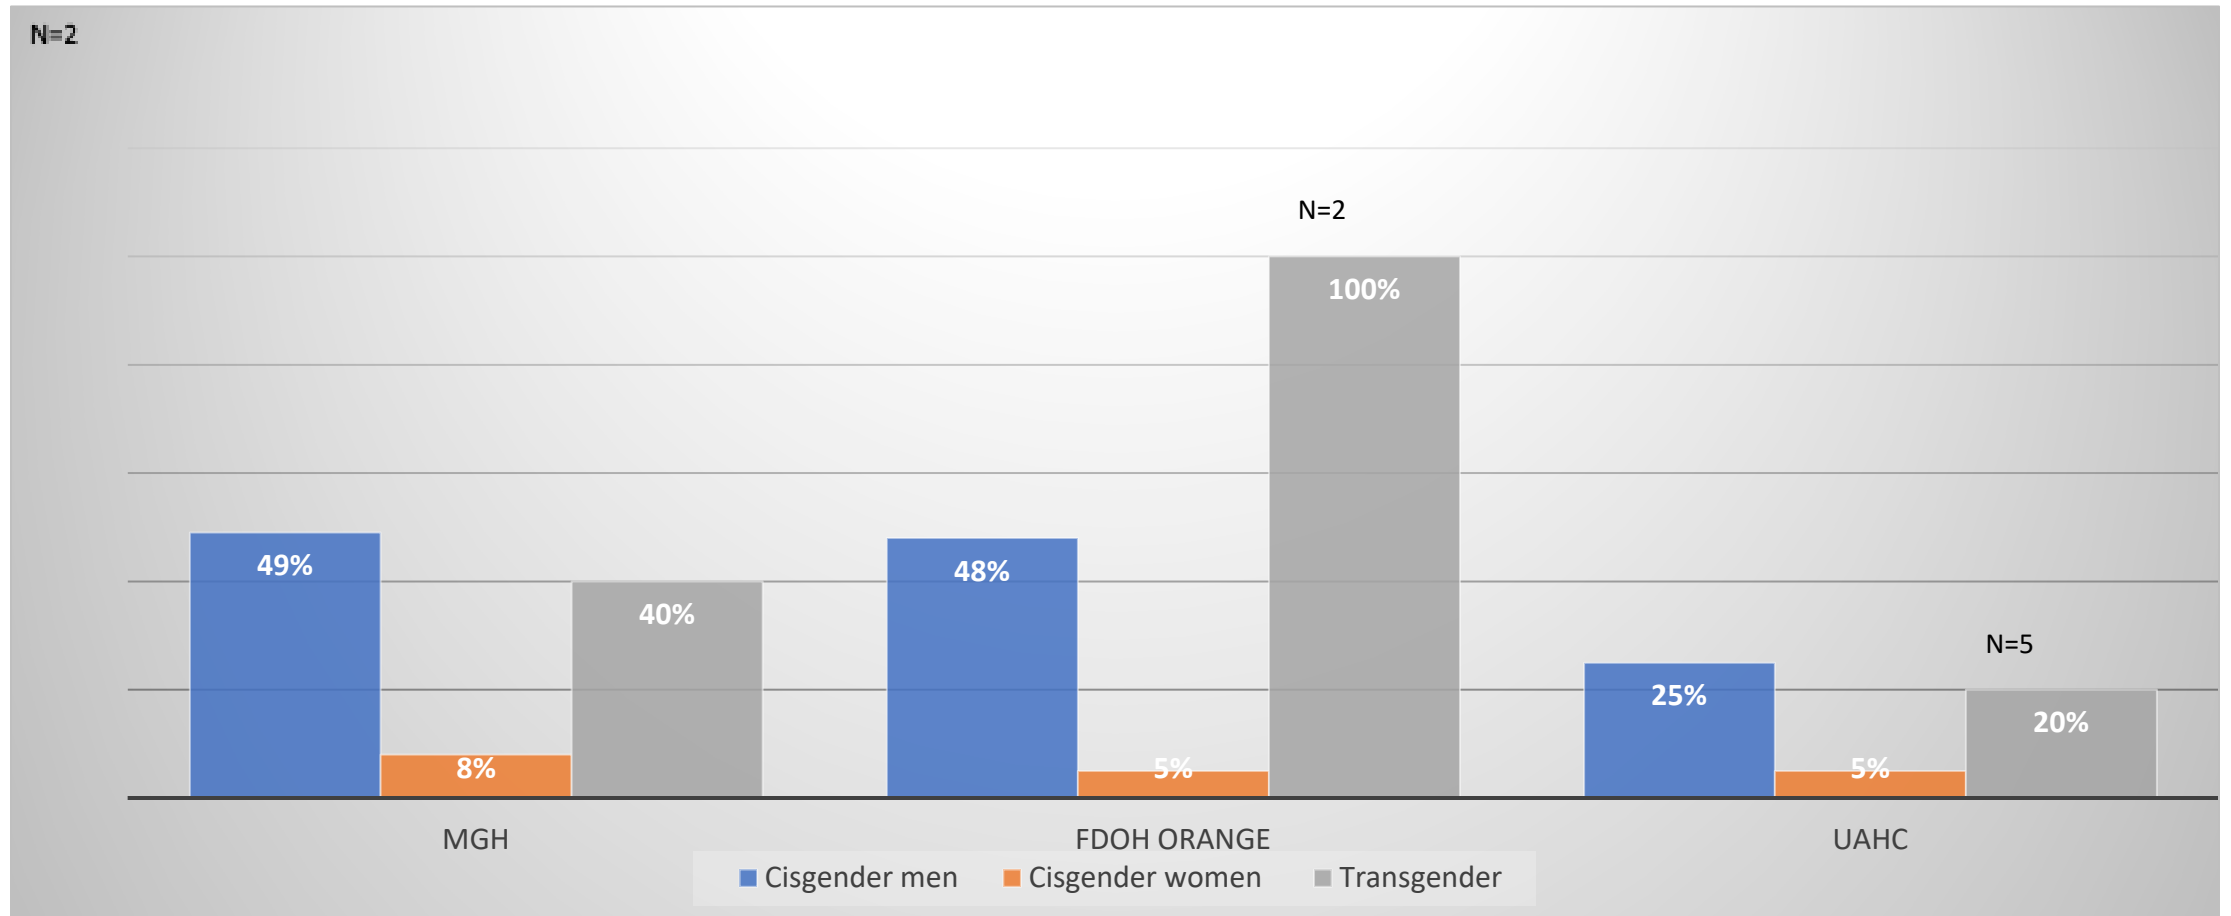

Numbers of patients prescribed PrEP by race/ethnicity

Proportion of eligible people prescribed PrEP by race/ethnicity, January-June 2022

Proportion of patients prescribed PrEP by genders

Any change in practice that may prioritize PrEP uptake in certain population?
